## Desert Climate Roses

CHAS. HOWARD, Grower

HEMET, CALIFORNIA

### Riverside County Men "Who Know"

Two years ago a Corporation of this County contracted with me to furnish them 21,000 Eucalyptus and they stipulated that the stock was to be home grown and not imported from points nearer the Coast. They wanted Desert Climate Grown.

"The recollection of quality remains long after price is forgotten."

# 1909-1910 VARIETIES

Yellow Rambler, Pol., Yellow .....		10	8

## TRANSPLANTING STOCK

### No. 3 Plants

A favorite grade for lining out. Tied in bundles of 25 plants, per bundle, 75c.

This includes all plants too light for No. 1 grade or No. 2 grade and sold "conditional," as it sometimes happens we do not get any No. 3 plants in grading a variety.

### MULTIPLES OF TEN

Under no circumstances can we book less than 10 of a variety. Order in multiples of ten, please.

### WHOLESALE ONLY

Please do not hand prices to parties not entitled to them. I do not have a retail department.

### TERMS

Prices f. o. b. Hemet, California. All bills due 60 days from date. Boxes charged at minimum rates.

Orders from unknown correspondents must be accompanied by cash or satisfactory reference.

Sales made subject to stock being unsold when order is received or loss by any and all unavoidable causes.

I exercise care to keep varieties true to name and hold myself in readiness at all times to replace, on proper proof, all stock that may prove otherwise; but it is mutually agreed between the purchaser and myself that I shall not at any time be liable for any amount greater than the original price of the stock.

Stock can usually be handled by Christmas time. To enable us to handle the output while dormant, we dig only one variety at a time for all aggregate orders, therefore, it is impossible to ship full assortments early in the digging season.

### GRADES

XX—Very stocky and strong, heavily rooted. Are cut to 30 inches of wood when packed.

No. 1.—Hybrid Perpetuals and Climbers graded 24 to 30 inches of wood. Teas, Hybrid Teas, etc., graded 18 to 24 inches of wood. All plants stocky and well rooted. Cut to 24 inches of wood when packed.

No. 2.—Hybrid Perpetuals and Climbers graded 18 to 24 inches of wood. Teas, Hybrid Teas, etc., graded 12 to 18 inches of wood. All plants stocky and well rooted. Cut to 18 inches of wood when packed.
